<p>The Guitar Acoustic and Performance group "The Generation Gap" comprises a series of sections: backing vocals, a guitar (rhythm and lead), a bass guitar (double bass and electric) and percussion.</p> <p>We rehearse very week and generally perform at charity and private venues once a month. See the U3A Melton Mowbray website under Music Venues,</p> <p>We are all striving to improve and expand our musical ability. Our main focus this year, is to improve our vocal harmonies. Individual band members take on specific roles, 'band leader' (Brian Donovan), 'music arranger' (Dave Coxhead), 'treasurer' (Ann Nicholls) and 'group coordinator' (Pete Matthews).</p> <p>We do have a limit on the number of performance group members, but all branch members with musical ability, are welcome to join our weekly practice sessions. However, new starters should consider joining our Guitar Beginners group.</p>
