LUNCH GROUP GK

The members of Gillian Kilpatrick's lunch group have had another fun year. Gillian works so hard to find interesting venues for us. Not an easy task when you think of all the plates she has to keep in the air to try and ensure that everyone is happy! Somewhere where they can accommodate us all, not too far from Melton. Somewhere to suit every pocket and where they offer us an interesting menu. We like meeting friends, eating together and covering a wide range of topics of conversation. This year we have sampled pub food, cafe food, Chinese food and recently excellent, Mediterranean food on a visit to Amore in town where they kindly opened specially for us as they are not normally open at lunch time. Our membership is buoyant and people rarely leave us, proof that the group has a good time. I am sure that everyone will agree when I say thanks to Gillian from us all.
