

## **PHOTOGRAPHY – Contact Christine BLUETT**

Meetings: 14:00 – 16:00 4<sup>th</sup> Wednesday at RAFA Club MM

### **Photography Group**

The photography group is now well into its second year and evidence suggests it is a happy band of photographers of all abilities. The members work well together and we have had many great field trips, ably arranged by Martin and Rob. In recent weeks we've had 5 trips to various places and many more field trips are planned.

We are fortunate to have some very knowledgeable photographers in our group who are happy to share their expertise with the less experienced members. As a result we have covered some great topics including photo editing, depth of field and focus, night time photography and recently we have been brought right up to date with a talk on mirrorless compact system cameras. We are hoping to have a display of members' photographs at the U3A meeting in November and even have plans to produce our own calendar this year all being well. We regularly discuss the topics we'd like to cover and therefore have a very varied and flexible programme, this month for instance we are covering black and white photography among other things.

I'd like to thank all of the group members for their contributions and continued commitment to the group especially those members who continue to organise and plan, look after the finances and keep the tea and coffee flowing! The group is currently full but if you are interested in joining us please do let me know and we can discuss options at that time

**Christine Bluett (Group Leader**
